

Letter of Recommendation

To Whom It May Concern:

I have had the pleasure of having Dulce Garcia as a student in my French 1A and French 1B classes over the past two years. She has been a model student and has been a pleasure to have in class.

She works hard with her assignments, always contributes positively, and even adds her own creative flares into her French projects, really making the language her own.

I recommend her to help others along in their beginning French education.

Cordialement,
Sue Lee
